hands of every person of avery class. It has intimate friends. She preferred other physifacilities, not only for public action but able
advertisements are as much a part of its regular nessage to the public as any portion of
its contents. The legitimate nowspaper cannot insert advertisements at a trifling or nominclusive. It must, charge for them; and it is
somewhaters and antienticated. inal rate. It must charge for them; and it is seems pretty well anthenticated.

cause the most useful advertising medium. But there are persons who imagine they are reaching the public by inserting advortise-ments in circulars, show bills, programmes and the like; when in fact they are not only throwing their money away, but actually disspating the public. Nine people out of ten on the street regard it as a unisable to have an advertiding fly sheet thrust into their faces, some of the British army. The reorganization they go to a theater or concert they are time on a programme or circular be depends to the tendent of the British army. The reorganization went into effect on the lat of July, when borted in the same way. Because a man chi great another on a programme or circular be depends to the retired list, to make place for younger and more available men. on this expedient for making his beginness known; whon in fact the effect of the unlimply intrusion of such a matter, if it he noticed at all, is simply the annoyance and disgust of the person whom it is thrust inject, with conse-quent injury rather than benealt to the busi-ness of the indiscreet advertiser. Nothing is

printed, and these are probably not distributed and certainly not noticed. They who guidestand the science of advertising their business and do not wish to throw away money updi shame and imitations are never "taken in" by

THE STAR ROUTE ROBBERS.

more common than sheets gotten up to carry advertisements at low rates, the publishers of which stand ready "to guarantee a circulation"

of one, two or three thousand copies, when in

building high hopes of escape from impending indictment and punishment for their particlpation in franch on the postoffice department.

WANTED-A GOOD GOOD GOOD TO SEE THAT Since President Gardeld was shot, that catast Washington street. trophe has completely absorbed the public mind, and very little has been said regarding star route investigation. The fact that for the past two months but little information has our disulged by those making the cases on bobalf of the government, has tended to reasone the members of the ring and to cause certain friends of the government to doubt if the prospects for punishing the follows were as good as at first indicated. Hut assurance is given that at no time since the invisitgation began has the prospect of convicting General Brady and his associates been so progrising at present. The attorney general and his associates been so progrising as at present. The attorney general and his associates been so progrising as at present. The attorney general and his associates been so progrising as at present. The attorney general and his associates been so progrising as at present. ELICTION NOTICE.

For You,

Whose complexion betrays some homiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwasdesome

Houghness or unwistes ome tints of complexion, we say use Hagan's Haguelia Balm,

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Maguelia Balm is judiclously used.

Madam.

New York Boot and Shoe House,

NO. 103 FIRST STREET.

PORTLAND, AUGUST 24, 1881.

TO THE PUBLIC:

I take great pleasure in informing you that I have opened the remises No. 193 First street (lately occupied by Moones & Valentine) with an Extensive and Assorted Stock of BOOTS and SMOES, which I have had manufactured under my personal supervision by the best Eastern and California manufacturers. I purchase my goods only from first hands, thereby saving intermediate profits, and which insures all goods to be manufactured as desired, at the same time being a material saving to purchasers and a warrantee that they are buying

goods of a superior make. In entering this, our new field of enterprise, we are actuated by the three principles of a strictly legitimate business firm, it being our effort to remedy the cyll effects of unreliable establishments and guarantee the public

FAIR TREATMENT AND FULL VALUE

HOPPER GRAIN SCALES. Of their investment. As I am a practical manufacturer myself, possessing a thorough knowledge of the business, there cannot be the remotest doubt regarding my ability to give satisfaction.

Respectfully inviting a call, I remain, Very Respectfully Yours,

Orders by mail will receive our prompt attention.

conting from all denounces the try day is stand and the milt the sounce eithering to be the demonstrated those nounce on the saley farmer as in the market those just passed, they may not the modes in the it for eaching continuous of the only lotter bood the sack or ship pounce the all important destributions with which is in the answer to the meet three or four months by care. No business of any consequence has been done in Walametre radey whost while sen sold and is coming torward now very rapidly.

The account for wheat sacks is about over, there seems but a less stray requests for more from the telephon, there remains a fair supply in hand which Section of the second of wheat various special SHINGLES—Shared, \$150,0275 per M. save of "free on board," and it should not be second or "free on board," and it should not be second or "free on board," what I at from 8% to Jeruta eser-

The capticious Admist weather has almost (tipliy dostroy of the English wheat crop, and the nickey py farmer of the southern and midland couplies has learned again the birter lesson that in his birstasses no step of the way from promise to fulfillment as without its special danger. Two works up the harvest was proceeding under concuracing foun-ditions. The process of speciary had been conpieted under highly favorable July weather, and August opened with no causes of anxiety savigors as segment driveling showers if rain and "a slight shy-mess on the son's part," to dee the phreso of a flou-don newspaper. When Mr. James Carrel prepared me annual cationsts of the crop on August 17, how-"Balfor the laterning and diminished tempera-store," said he "the harvest would have proped equal to early the average of the years preceding 1874, but midden has appeared, and will infect the quality of the yield of the later rays." He was still of the opinion that on two chirds of the wheat land the increase of the quality would bring a the crop up to the average. In less than a lawel's time the almost commones rains had wrought sime the almost commones rains. In a wrought such have with the harvested and standing. wrought such hove with the nervested and sampling grain as to make the Card's estimated a total yield of the properties of the properties

half a crop, or even loss.

The English farmer has been at handeled about by containing for the state of the shall him well-right designate of hope. This is the sight had wheat crop in successful part in the sight had wheat crop in successful part in the state of a long period the bad years far continual to that for a long period the bad years far continual to the period.
